

## Web Design and Development

Of course you want a web site that attracts attention, supplies information, targets your market, and the bottom line is&mdash;makes you money. Suite121 delivers this and much more. Our competitive pricing is an investment in your online marketing success. Your business is worth it. Relatively speaking, we offer affordable web site design done right the first time.

We know there are many options; from do-it-yourself template sites to custom programmed, database driven Web sites and everything in-between. It can be a challenge to choose the best approach.

That&rsquo;s why Suite121 Web Design offers you our experience and expertise to make the process painless. We know what it takes to make a successful web site and you know it&rsquo;s important to make the best choices that serve the long-term interest of your business. We understand you have a budget and can help you decide which direction is best for your web site design:

- Simple HTML for static information Web sites
- Ecommerce Solutions for selling your products and services online
- Content Management Systems to help you edit your own site

We offer full package web site development from start to finish and options for maintenance and updating as your business grows.

Custom web site development doesn&rsquo;t have to be overly expensive. However, you must have enough business savvy to understand the value of web site design done right the first time. Otherwise, precious time, effort and money are wasted.

With that said, we would be happy to speak with you about how we can help grow your business!
